Other options, such as 'Group Lists', 'Nursing Station Lists', 'Outpatient Lists', and 'Discharged Patient Lists' can be selected by clicking on this dropdown window. **Your Group List is now called 'Include Coverage Patients'**

You may MANUALLY add/delete patients from your personal Census List. For instructions on how to do so, Please contact Pat James at 402-481-8929.

To find a patient that is not on your personal census list now called 'My Coverage Patients' List or your Group List now called 'Include Coverage List'. Click Search.

To Print a selected census list

The screenshot shows the Siemens Soarian web application interface. At the top, the user is identified as Brian Bossard, MD at BryanLGH Medical Center. A navigation bar includes 'Search', 'Links', 'Print', and 'Help'. A dropdown menu is set to 'My Patients Only'. The main content area is partially obscured by a 'Context-sensitive Printing -- Webpage Dialog' window. This dialog box contains the following sections:

- Route To:** A dropdown menu set to 'Local Printer' and a 'Number of copies' field set to '1'.
- Documents/Reports:** A list of radio buttons for different print formats:
 - 01 Census List - Portrait - Single Spaced
 - 02 Census List - Portrait - Double Spaced
 - 03 Census List - Landscape - Single Spaced
 - 04 Census List - Landscape - Double Spaced
- Filter Criteria:** An empty text area for entering search filters.

At the bottom of the dialog, there are four buttons: 'Preview', 'Print', 'Cancel', and 'Help'. The 'Print' button is circled in red. In the background, a table of patient data is visible, with columns for name, date, gender, and location. The 'Print' button in the top navigation bar is also circled in red.

The "Results" section is currently empty, displaying the message: "No results available within the specified time frame, Access Patient Record." A red dashed arrow points to the Clinical Summary icon in the top right corner of the Results section.

The Clinical Summary Overview provides a snapshot view of information for the most recent 3 day period of this hospital visit.

The screenshot shows the top navigation bar of the SIEMENS system. The patient name is MARCH-DEMO, TEST. Below the name, there are fields for Allergies (0) None Recorded, MR# 005002949, ACCT# 700024002, Medical-Inpatient, and Admit Date: 03/30/2011(58). The 'Clinical Summary' section contains several tabs: Overview (circled in red), Lab Results, Pathology Results, Radiology Results, CVS Reports, EMR Reports, and Medications.

To see more detailed Lab Results, Pathology Results, Radiology Results, CVS Reports, EMR Reports, or Medication information, Click on any of the desired Tab.

This screenshot is identical to the one above, but with red arrows pointing upwards from a horizontal line below the tabs to each of the tabs: Overview, Lab Results, Pathology Results, Radiology Results, CVS Reports, EMR Reports, and Medications.

Additionally, other data such patient name, date of birth, room #, PNO, etc is provided in this banner.

 Provides direct access to the patients' medications – including allergy information, Vital Signs, and I&O, PT and OT/Speech information.

The screenshot shows a detailed view of the clinical summary. On the left, there is a sidebar with various patient information fields: I/O, MAK, Orders, Vital Signs, Operational Reporting Framework, Reprint Facility, OMS Job Status, Height cm, and I & O. The main area is divided into three sections: Pathology Results, Lab Results, and Medication Orders. The Lab Results section shows a table of test results for HEMATOLOGY/COAGULATION. The Medication Orders section shows a table of active medications.
